CANOPIES

Bespoke colourful
canopies and shelters for
all ages and spaces.

Welcome to a wonderful world of colour!
Shelters of all shapes and sizes to keep active
play and education outdoors all year round.

Our canopy designs bring vibrance to any outdoor space and are
endlessly customisable to fit your design brief.

Don't have room for a canopy but want to inject some colour?
Have a look at our dens and shadow boards...

“Imagination is more important
than knowledge.”

– Albert Einstein

“We could not have been happier with the
consultation advice, designs and installation
service we received from Natural
Playscapes at every stage in our project.”

– Sarah Charlton, Ark Priory Academy

Integrated storage, benches, side panels and learning boards can be included to maximise use of space and provide a practical storage solution.

CANOPIES

Our beautiful canopies are available in a wide range of shapes and sizes, bringing colourful and vibrant light to create unique outdoor spaces.

Canopies provide shelter and intriguing spaces, extending your classroom or connecting buildings and giving protection from the elements whilst injecting colour into your play space or outdoor area. Children can trace around the shadows with chalks and watch how they change and move throughout the day; or make use of the creative environment for quiet reading, group study and chill out time.

Our canopies are structural engineer approved and give a warm and subtle appearance that enhances buildings and complements the natural environment. We use timber that is FSC certified and sourced responsibly. Steel feet on the base of each timber post increases longevity, providing functional spaces that will stand the test of time.

- ✔ Free design and consultation service
- ✔ Made-to-measure
- ✔ Choice of unique designs
- ✔ Up to 15 year guarantee
- ✔ Fully accessible for all abilities
- ✔ Choice of surfacing
- ✔ Use all year round

OUTDOOR CLASSROOMS

Our charming outdoor classrooms have been designed and developed to provide a stimulating alternative learning environment that can be enjoyed by small groups and full classes whatever the weather!

Taking lessons outside has been proven to boost academic performance, pupil engagement and mental well-being across age groups as well as being crucial for early years learning. Teaching outside supports children's understanding of the world they live in.

Designed as a break out space from your school buildings, outdoor classrooms are truly immersive teaching/learning environments that can be further personalised to suit your needs with integrated or free-standing benches, storage and side panels including: colourful shadow boards, chalkboards and whiteboards.

Our outdoor classrooms have been approved by structural engineers. We only use timber that is FSC certified and sourced responsibly and fix steel feet on the base of each timber post to increase longevity so your functional spaces will stand the test of time.

- ✔ Sensory experience
- ✔ Suitable for all ages
- ✔ Fully accessible for all abilities
- ✔ Social & communicative play
- ✔ Choice of surfacing
- ✔ Language, literacy & numeracy
- ✔ Outdoor learning
- ✔ Use all year round
- ✔ Customisable designs

4M X 4M OUTDOOR CLASSROOM FROM £9,435

BESPOKE CANOPY DESIGN FROM AN ADDITIONAL £500

PARASOL SEATING POD FROM £3.445

CANOPY SEATING POD FROM £3.925

PARASOLS, FRIENDSHIP PODS & SOCIAL SEATING

In addition to our colourful canopies, we can also install colourful parasols, friendship circles and dens to create exciting and vibrant social seating areas.

Our bespoke timber framed friendship circles have integrated wooden benches and decorated translucent panels. The friendship circle helps to give the impression of different zones within outdoor spaces, creating an area separate from the excitement of the playground for children to gather. We can also create cosy dens with colourful canopy roofs and integrated seating.

Enchanting parasols provide wonderful shelter from the elements and these beautiful hardwearing creations bring light and colour to any outdoor space. Parasols are UV protected and reinforced translucent discs decorated with colourful designs. When the sun shines through the disc, it will cast dappled light across the ground. Working well within water and sand play areas parasols can also be installed as part of a feature at entrances or with integrated seating. The colourful discs are fitted on a steel frame with a steel or timber post giving the impression of oversized flowers in an imaginary garden.

- ✔ Social and interactive rest areas
- ✔ Injection of colour and interest
- ✔ Custom designs
- ✔ Use all year round
- ✔ Communication and relaxation areas
- ✔ Fully accessible for all abilities

FRIENDSHIP CIRCLES FROM £3.870

PARASOLS FROM £2.550

FURNISHINGS & FINISHINGS

We love our canopies just as they are, a fantastic colourful addition to any outdoor space. However, we also offer a full range of practical and pretty additions to fit out your space.

While canopies are well suited for all ages, they are particularly good for early years and we offer a wide range of elements that can be included in them such as sand, water, music and mud play. All of these additions help to enhance the sensory and learning experience. As well as sheltering a core play area, the canopy provides a zonal feel where children can feel secure and 'at home' - encouraging role play and confidence building.

Canopies and classrooms can be installed directly onto almost any existing surface or we can include a variety of surfacing options such as timber deck, play chip, pebbles or bonded rubber mulch. Extra furnishings such as integrated timber benches, tables and storage solutions can also be included to create a space perfect for multi-use group activities. In addition to seating and storage, a range of side panels can provide additional shelter from the elements or we can create cosy reading nooks, phonic huts and exploration stations.

- ✔ Sand and water play
- ✔ Integrated seating, storage and tables
- ✔ Musical instruments
- ✔ Side fencing and colourful panels
- ✔ Doodle screens, chalkboards, mirrors
- ✔ Robinia archways
- ✔ Shadow boards
- ✔ Wavy wall sides
- ✔ Storytelling chair
- ✔ Decked base
- ✔ Planters

YOUR PLAYGROUND JOURNEY

Our process ensures that your playground
journey is as stress-free as possible, with full
communications with our team.

Our team design your
playground and we
present this to you in a
design proposal.

Please let us know your
comments and any
questions. We want to get
your design right for you!

Once your design is
signed off, our workshop
team begin to build your
bespoke playground.

Delivery of your equipment
will arrive on site and you
will begin to see your
playspace coming together.

Our team will finish the
transformation, clear
your site and hand your
playground over to you!

The children can begin
to use their exciting new
place space. We love to
hear what they think!
