

Unique play attractions for schools and public places throughout the UK

CASE STUDY

BUCKTON FIELDS

Location: Northampton
Budget: £30,000
Installed: August 2021

We worked with Buckton Fields Primary Academy to create an inspiring reception play space for their brand new school.

The design includes a water play and mud kitchen area perfect for explorative, messy play, a stunning colourful performance stage and two wonderful dens that provide a great social space, stimulate imagination or can just provide a little quiet place to enjoy a book.

The new playground has transformed the space and was installed just in time before the school opening in September!

Get in touch today to start the journey to your very own dream playground!
